Subject: UNION: Classification Study MOU Passed
Date: Friday, August 30, 2013 3:01:10 PM

Hello Classified Staff:

We have counted the ballots for the Classification Study MOU vote and it was **approved** by a large margin. The District will now bring the MOU to the governing board for ratification.

A couple of items to note:

- As soon as the Governing Board ratifies the MOU then the District can begin their work on the salary adjustments and lump sum monies.
- It may be a little time until these calculations can be made and these funds are reflected in our paycheck.
- As soon as we have more information on the timing of the monies we will make sure to get that out to everyone.

A few “thank you”s are also in order. First, thank you to all of the members for your support, without your support your union is unsustainable. I would also like to thank the CCE Negotiating Team for an excellent job. Last but not least, the e-councils and negotiating teams from both the PFF and the CCE have fought tirelessly to ensure that all staff and faculty receive fair and equitable treatment, and for that I am also very appreciative.

Hope everyone has a great 3 day weekend!
